Dear White and Yellow Ribbon badge angels.

Thank you very much for your kind support

On behalf of Osaka Chaos Co., Ltd., I would like to express my sincere thanks for your generous cooperation in White and Yellow ribbon badge activity, which have been offered not only from Japan but also from overseas.

Osaka Chaos Co., Ltd was established last November by 19 active cooperate managers in Osaka for the purpose of the collaborative activities such as publicity campaign, development of new products and joint sales activities.

This year we also try to create such cooperative network among other regions and have come to be known by people in the east northern Japan, where the Great East Japan Earthquake caused devastating damages.

More we learned how massive and terrible their damages were, more we remembered our experience in Hanshin Earthquake and decided to consider what to do for them. Then finally the idea of White and Yellow ribbon badge activity came up in our mind and got executed. Since then we have visited the area several times and offered various support to them as much as possible.

In September some of our members attended the nationwide conventions of manufacturing companies held at Tadami-cho, South Aizu-gun in Fukushima. And we had a chance to see the performance by children, "Legend of Minamiyama Gimin Kishiro" This performance was adapted from the story of 6 local farmers who suffered from the heavy taxation and rose in revolt against the government. Though they were finally sentenced to death, other local peasants were encouraged by them and overcame the hard time. We were quite impressed at the children's energetic performance and felt their active power through it.

Later we were told that it was their first public performance after the cancellation of their graduation performance in March because of the earthquake. At last they could make it come true in September, and became overwhelmingly happy now. Next day the representatives of the children's group, Mr.Shimomura Mr. Yato and 3 children visited our convention room to express their thankfulness and showed us their dance performance passionately again. The room was filled with extraordinary excitement, which made us deeply impressed again.

We believe we should protect lively smile of children in order to make Japan continuously better for the future generation. Through the performance of “Legend of Minamiyama Gimin Kishiro” we were touched by their lively smile and decided to present them the profit of the White and Yellow ribbon badge activity as donation.

Hoping not only Japanese but also oversea donators agree with our decision, I introduce this story to you.

We, Osaka Chaos Co., Ltd, promise you to sincerely support the group of “Legend of Minamiyama Gimin Kishiro” along with their beautiful smile.

Lastly I wish all of you and your family good health and prosperity for years to come.
